Introduction

‘Think globally, and act locally’

In front of you is our annual report for 2024, in which we give accountability for our income and expenditure in 2024. We publish this annual report for environmental and cost reasons online only.

AbortusInformatie.nl is an innovative human rights NGO organisation that started 40 years after the first abortion clinic opened in the Netherlands, which was the Arnhem Mildredhuis, on 27 February 1971.

Exactly 40 years later, 27 February 2011 AbortusInformatie.nl was launched. AbortionInformation.eu is our English name.

Human rights organisation

AbortusInformatie.nl is a human rights organisation that educates about abortion. The goal of the foundation is to make abortion unthinkable in our society.

We are against all forms of violence relating to abortion. Everybody has their own opinion on the topic and different ways of thinking, but violence is not the answer.

Abortusinformatie.nl was set up by women who regret their abortion. We missed crucial information in the decision making process of our abortion. Many of us say that if we had realized certain things in advance, and seen the images of what babies can look like after enduring an abortion, we would not have made the decision to kill our own offspring through abortion - we would have found other alternatives for the situation we were in. All board members have affinity with abortion.

We build awareness on the reality of abortion, so that true ‘informed consent’ can be given based on facts and true understanding.

We do this amongst others by showing medical scientific images.

AbortusInformatie.nl also helps women considering abortion, who decide to keep their baby, or regret their abortion afterwards.

We bring innovative new ideas to the country, and as trailblazers have vision, and are entrepreneurial!

Please consider a donation if you think that what we do is important. We can only do this with the help of people of good will. Charity with tax-deductible ANBI status in the Netherlands, stichting:

Strategy

Because we find it inhumane that arms and legs are torn off children, babies are poisoned, starved or beheaded and their lives intentionally prematurely ended through abortion, we started this human rights organization. In Dutch, our foundation is called AbortusInformatie.nl, in English AbortionInformation.eu

1. The goal of the foundation is
 - (a) to be active in the area of human rights, sexuality, abortion and the possible consequences of it, amongst others, by providing information, support and shelter;
 - (b) carry out further actions which, in all senses of the word, relate to or could be conducive to above mentioned areas.
2. The foundation aims to achieve her goals, amongst others, by:
 - (a) providing information and education to promote public awareness on abortion: procedures, consequences, experiences and development of a baby in the womb;
 - (b) supporting women with an unplanned pregnancy (medical, material, financial, emotional and mental help), also after the birth of their baby;
 - (c) offering special provisions and courses for parents and the child, in order to promote their well being;
 - (d) setting up 'abortion information centers', a contact point for forced abortions, and organize platform days, symposia and theme days;
 - (e) providing opportunities for help after abortion (or sexual abuse) through so-called healing groups/retreats, peers' days, commemorative monuments and/or memorial services; the foundation also aims to offer women (post abortion) consolation, information, support and healing;
 - (f) providing sexual education to help prevent unplanned pregnancy (prevention through education), sexually transmitted diseases STD's etc., as well as offering medical diagnosis of STD's and other related diseases;
 - (g) attention to monitoring and ensuring implementation of due care standards surrounding abortion, also availability of an adequate offer of legal assistance with regards to the abortion issue;
 - (h) promoting the kind of legislation and regulations, as a result of which more restraint and a careful approach towards abortion will be taken, with more options coming into being for expectant mothers to give up their (not yet born) baby, as well as issuing advice and proposals to the government in this matter;

all in the broadest sense of the word.

The foundation aims to operate on both micro and macro level. The foundation is open to cooperation with other individuals and/or legal entities as well as with other organizations in the above mentioned areas.

Strategy continued:

The foundation is established for an indefinite period.

The assets of the foundation are to be formed through sponsoring, subsidies, grants, donations, inheritances and legacies and other income resources.

Board members receive no remuneration.

Comments

The board is grateful for all the generous donations this year, which allowed us to continue this work.

In 2024 we were able to, amongst other things, pay for some travel expenses, printing educational awareness promotional material folders, advertising, purchase some books, and overhead costs such as websites, phone, admin software, insurance, banking, post office box etc.

Activities

2024 saw a transition of AbortusInformatie.nl to new leadership. A new board took office in 2024, and goods were transferred as part of the transition.

Website was renewed. New volunteers wanting to join.

Questions from college student were responded to regarding the effects of abortion. Some pregnant women sought contact.

Translation of a 'do-it-yourself' handbook to process one's own abortion was sent for printing.

Was contacted for prayer points for 'bidden vasten'.

Various 'Google meldingen' appeared for AbortusInformatie.nl, to our website and video. EO Crux still includes us as their banner on their webpage. Many 'likes' on social media. Advertised in RD. A training lecture was organized.

Also spoke to students. Followed the march for life.

Donations and gifts are being increasingly supplemented by new one-time and periodic gifts. Bank costs are related to matters facilitated by the bank and charged to the foundation.

To raise awareness of the foundation and put it on the map, brochures are distributed during outreach activities, lectures, and presentations.

A number of books on how to have a conversation about abortion have also been purchased.

Advertising and promotional costs were incurred for a one-time announcement in the RD.

The layout of the website has undergone a complete metamorphosis with all work entrusted to one company.

To reduce costs, a cheaper subscription for phone has been arranged.

Donations covered costs incurred for presentations and lectures, and some travel costs by car.

Future strategy

The coming years promise to be dynamic years.
A large part of our activities is related to the amount of money that is donated.
We operate solely on donations from people like yourselves.
We are preparing for the future, in a sustainable manner, including innovative ideas, bringing together people, knowledge and skills. We hope to expand our support bases with people interested in sharing the realization of our goals, on both micro and macro level.

Donors and volunteers

Since its inception, a small army of helpers have aided AbortusInformatie.nl, with some 90 volunteers having helped us in some way or the other with their precious time and skills/talents, including wonderful brave people who help do street awareness displays, etc.
We are appreciative of all who contributed so generously with their gifts, so that we were able to further this work in 2024. We look forward to all the changes ahead of us! Would you like to join us? Let us know what you would like to do!

Special thanks

We are grateful for your support, trust and commitment. Grateful for men, women and young people who, with functioning conscience and conviction, stand up courageously and join us, to defend the lives of babies who have no voice themselves. We want to thank you all for your support and commitment in recent years. Thanks to you, we have been able to work on building this organization, to innovate a new voice in the field of human rights, not only through education, but also through actual practical help. Many have helped with this. We are extremely grateful for all those people who have helped make everything possible.

If you see the value of what we are doing, and you would like to partner with us in educating about abortion, then please e-mail us at info@abortusinformatie.nl, find out or let us know how you would like to help, or make a donation by using the bank data below. That would be so appreciated!

AbortionInformation.eu and AbortusInformatie.nl works on exposing this enormous human rights issue. To do this, we need to allow people to see it for what it really is. In just a few minutes people understand the humanity of the unborn child, and what abortion does to them.

We would love to step up the exposure with your help, on our awareness displays, help etc. - help us arrange presentations for your friends, a group, church or home group, so they too can think about how they can get involved.

Would you like to help us make a difference? We can't do what we do, without you! Join! You can also support us and make a contribution to help defend babies in the mother's womb, and further this work.

How?

Your donation can be placed via ABN Amro in the name of our charity (stichting) AbortusInformatie.nl
